## Kiosk Solutions

### About us

Deltrix Kiosk Solutions (DKS) is a complete self-service kiosk provider. Offering design, manufacturing, software, installation and estate management, DKS can meet all your requirements.

Traditionally, the barriers to a retail self-service strategy in place were cost and complexity. The solutions were expensive and made the business case difficult to justify. The requirements included software development and a physical element to install and maintain the kiosk estate. At DKS we aim to reduce these barriers and bring your self-service strategy within reach.

DKS has brought together one of the most respected names in manufacturing and a management team with almost 100 years of self-service experience.

Our design team has designed self service and retail hardware for over 30 years, bringing a huge array of knowledge from ergonomics to cost effective design.

### Our Kiosk Solutions

27" Portrait Floor-Standing  
21.5" Portrait with privacy shield

27" Portrait Wall-mounted  
27" Portrait Countertop  
19" Landscape Countertop

**We can design any kiosk to meet your specific requirements**
